

Check out our new website!

We are thrilled to announce that the all-new website for [Dying With Dignity Canada](#) is now launched.

www.dyingwithdignity.ca

The site was built to address our members' and visitors' needs, which we believe to be as follows:

1. I want to understand all my end of life choices.
2. I want to ensure my wishes for medical treatment are followed.
3. I want to know about the laws around assisted dying.
4. I want to determine the nature and timing of my death.

In addition to addressing these four needs, we also provide access, through links and down-loads, to in-depth resources, videos, podcasts and information about end of life options, advance care planning and choice in dying.

We hope that the site will not only provide useful information to our members and other interested parties, but that it will also be an effective means of raising our profile and encouraging individuals, families and organizations to join and donate to our work.

We welcome any and all feedback! Whether you've found a typo or have a suggestion about additional content you'd like to see added, please send your thoughts to info@dyingwithdignity.ca
